“ WHY EDUCATION IS IMPORTANT ? ”

Dear Parents,

Education is a wholesome learning experience, wherein an individual learns about various aspects of life, understands different perspectives and tries to apply these to daily life. Education is important not just for children or students but for adults and society as a whole. Education gives people knowledge of the world around them; helps them visualize a better world; and gives them the tools to build that better world. It develops in people a perspective of looking at life, helps them build opinions and have points of view on various issues.

To an individual, education increases the level of confidence as it makes a person aware about his/her surroundings. It also helps an individual to communicate better and express his/her opinions. The mind attains maturity through proper education and training. A person develops the ability to judge what is right and what is not. Education makes a person independent and helps him abide by the rules of the land. It improves the standard of living of people- not just materially but also in the realm of thoughts and attitudes. It helps people understand their needs and gives them the path to acquire them. Education provides a platform for a decent livelihood. To find employment- at any level, education is indispensable.

Above all, education teaches the value of discipline and time to individuals. Education also helps to spread knowledge and awareness in society.

Think of education as a ray of light in the darkness. It offers hope for a good life.

Education is a basic right of every human on this planet. To deny this right, is evil. Uneducated youth are a bane for society. My own consciousness and expressions have taught me that an educated person is one who is able to adapt his needs to his situations. He can utilize his skills and education to overcome difficult obstacles in any area of life and take correct decisions at challenging moments. To me, this is the true essence of an educated person.

It is rightly said **“When you educate one person you can change a life, when you educate many you can change the world.”**

Let us take the uneducated towards the light of education and enhance the glory of our Nation.

TAS UPDATES

DUE TO THE PANDEMIC, ALL THE ACTIVITIES WERE DONE ONLINE..

REPUBLIC DAY CELEBRATION

The Staff and the Students of The Avadh School gathered online with great enthusiasm on the 26th of January 2021 to celebrate the 72nd Republic Day of the country. The flag hoisting took place at 9:00 a.m. in the school premises and was followed by the singing of the National Anthem. Thereafter from 10:30 a.m. online cultural performances which included speeches, poems and dances were presented by the students and the teachers of the school.

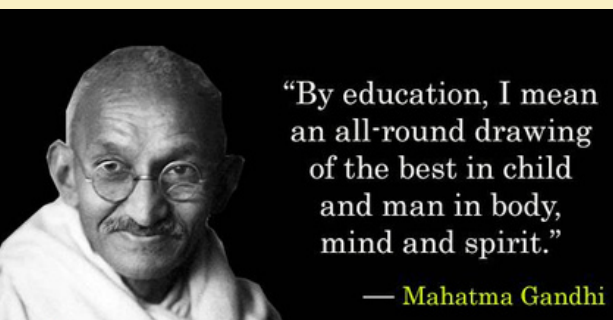

CHANTING OF VANDE MATARAM IN CHAURI-CHAURA CENTENARY FESTIVAL

February 4, 2021, marks the start of the 100th year of the '**Chauri Chaura**' incident, which was a landmark event in the fight for Independence of India. We, at The Avadh School, also paid tribute to the martyrs of the Chauri Chaura incident by chanting '**Vande Mataram**'.

This mass chanting throughout the country was inducted in the Guinness Book of World Record. While the celebrations of the day were grand, year-long events have been planned to inculcate knowledge about significant events of our glorious freedom struggle.

WHY EXAMINATIONS ARE NECESSARY

Dear All,

“Exams” – the word itself brings fear to the students. Examinations are a part of life, but for students, it is a source of anxiety and frustration.

The question here is : Are Examinations necessary? The answer to this question is a big “YES”.

Exam is a part of growing up, it is really important and necessary when it comes to knowledge testing. Examination is not meant for creating a feeling of depression among students, it is meant to create a sense of responsibility among those learners to learn concepts and present it in the most coherent form.

Schools are student’s second home and exams are a way to make them ready for future challenges. Students do not give up when they face hardships.

Schools are meant to provide student’s knowledge, care, commitment and lessons of life. We must not forget that the advantages of exams far exceed their disadvantages and hence, exams must be taken as part of a feedback mechanism for the students.

Exam is very important as it trains students like Commanders, prepare them for the war of life ahead wherein they can excel and prove themselves to be better version of themselves. As it is rightly said -

“Challenges don’t come to break you, they come to make you realize your true potential”.

So for the next examinations - Don’t panic, Don’t stress, Don’t fear. Just calm down, relax and gear up for this beautiful challenge.

Remember although a sheet of paper cannot determine your future or your capabilities it can definitely enrich you with good knowledge, experience and challenges that lead to growth.

ALL THE BEST !
